## Samsung UHD 4K Smart TV Delivery Process

Due to the potential for damage during shipment and the difficulty returning a damaged or faulty product, we are including home delivery with product quality/function verification for each TV. Home delivery will also preserve warranty and improve the value of this fundraising product for the end user.

When a TV is ordered, MidwayUSA Foundation will send a Delivery Form, with a unique code, to the contact listed on the Letter of Intent (previous page). When the fundraiser is completed and the winner is selected, you must complete all of the information on the Delivery Form and return it to us using the submittal options listed at the top of the Letter of Intent (previous page). Make sure that all of the delivery contact information is legible and complete.

Upon receipt of the Delivery Form, MidwayUSA Foundation will initiate shipment of the TV using the information on the delivery Form. The person receiving the TV will be contacted by the delivery service to arrange a date and time for delivery.

When the TV arrives, the delivery service will carry the TV into the house, unbox and power it up, and then inspect it for damage. If the TV is damaged or not functioning properly, it will be removed and returned, and a replacement will be shipped using the same process. If the TV is in good condition and working properly, the end user will sign for the TV, completing the delivery process.

IMPORTANT NOTE: The delivery service will not install or connect the TV to a network or TV service in the home. Installation is solely the responsibility of the end user.
