

Take Aim's Partnership with MidwayUSA Foundation

Take Aim is proud to be working closely with Midway USA Foundation is offering **significant** discounts to MidwayUSA Foundation Team just in time to use your next round of product grants.

The latest from Take Aim

SmartShot® Coach is our latest shot analysis advancement. It is like having a coach standing right beside you. You get immediate audible feedback after each shot providing insight on what you can do to improve your shooting performance. It can reveal details of the shooter's shooting motion and style that are not always discernable by just watching them shoot. See it in action - [SmartShot® Coach](#)

SmartShot Coach is available with every Standard ClayTracker Cloud subscription and all standard cloud subscriptions are discounted **30% for MUSAF Teams!**

Revolutionizing Shotgun Shooting Sports

Take Aim delivers the most advanced suite of instructional tools on the market for shotgun shooting performance analysis. ShotTracker is powered by our patented SmartShot® Software Technology and supported by a suite of ClayTracker apps. The ClayTracker Pro app delivers your shot results in real-time and provides audible and visual feedback on how well you placed the shot pattern on the clay. The ClayTracker Cloud provides an integrated dashboard to view your shooting session and breakdown your performance in aggregate or shot-by-shot from any Internet connected computer/tablet. Designed for both the novice and the professional shooters alike, ShotTracker offers unparalleled details of your shot and intuitive analytics to elevate your shooting precision.
